

AMENDMENTS TO THE DRAWINGS

The Examiner has objected to the drawings as the reference numeral "106" currently refers to both the gutter section and the weld lines at page 10, lines 13 and 17, respectively. Applicant has corrected the weld line reference from "106" to "107" in the specification at page to correspond with FIGS. 9 and 10. No changes to the drawings are necessary in this respect.
